

JCC'S EARLY CHILDHOOD CENTER

PHILOSOPHY

The foundation of our program is quality education in a positive atmosphere of security and love, which respects the uniqueness and importance of *each child*.

While motivating the children through play, our caring and experienced staff helps them to broaden their experiences, build relationships with peers and adults and develop a healthy and positive self-concept. Our environment is rich in stimulation, yet gentle and accepting of each child as he or she develops at his or her own pace. While children of all religious, ethnic and racial backgrounds are most welcome, we are a Jewish preschool, and we stress the values of respect, tradition, dignity, kindness, responsibility and community. In our program, your child will develop intellectually, physically, socially, spiritually, and emotionally. Your child will also develop a healthy, wholesome and positive self-concept and will graduate our program better prepared to meet the challenges of the future.

We look forward to helping your child thrive here at the JCC!
